Year Round Road Racing

Saturdays - Darnum, Cloverlea, Shady Creek

Various start times - scratch and handicaps on flat and hilly courses.

In a scratch race you will be racing with riders of a similar ability. The idea is to hang on and be there for the sprint. If that is not your style, attack!

In a handicap you try and not be passed by riders starting minutes behind you. A perfectly handicapped race has everyone crossing the finish line within seconds of each other.
